We appreciate your recognition of the fact that affordable housing is out of reach for many Americans, many right here in our own communities. Simple, decent, affordable housing is a basic necessity. Without it, people struggle to be productive and children cannot learn.

We would like to thank you for dedicating the proceeds from your auction to Habitat for Humanity. I heard that everyone had a wonderful time. I know the volunteers from the Oahe Habitat affiliate enjoyed being part of the festivities. I am dividing the proceeds between the 14 affiliates and sending them each a check this week.

*We thank you for your gift of \$3,191.50 and your continued support of Habitat for Humanity, our mission to address affordable housing issues and eliminate substandard housing from the face of the earth. The mission of the state support organization, HFH-SD, is to expand the capacity of the fourteen affiliates across the state of South Dakota.*

With gratitude and compassion,

*Patty*
