

South Dakota Association of REALTORS®

REALTOR® Involvement Award

Objective

The South Dakota Association of REALTORS® (SDAR) has established The REALTOR® Involvement Award to recognize and promote achievement, involvement and education participation among its members on an on-going basis. Qualification for this award is available in a wide variety of activities, including Community Service, Political Activity, Education Activity, Institutes, Societies and Council Activity, and Local, State and National Association Activity.

Through this program, it is the goal of SDAR to encourage its members to be more knowledgeable and more involved in order to better serve the public, as well as to bring credit to themselves and the Association.

To Qualify

To qualify, complete the form and return it to your Local Board office for certification from the Board President or Association Executive. Your Local Board may, at their discretion, request more complete documentation of a member's participation to verify qualification.

Qualification Period

The qualification period is January 1 through December 31. Applications must be submitted to the local Board for verification *no later than December 15*, and then will be submitted to the State Association by December 30, for State accreditation. Recipients will be recognized and awarded a certificate during our SDAR Board of Directors meeting in February.

The program will be based on the *honor system* with each member completing the application outlining his/her total point accumulation for the year, and members must be and remain in good standing to receive/retain their award status.

Annual Qualification

The SDAR REALTOR® Involvement Award is an annual award and recipients must re-qualify each year by obtaining a minimum of 1,000 points.

Awards are presented annually with special recognition for five, ten, and fifteen year periods. Recipients do not have to earn awards in consecutive years in order to qualify for cumulative recognition.

*Note: Applicants must have points in at least **one (1) Educational Activity** and **one (1) other activity category** to qualify. Also, to claim points as an officer or committee member, you must have served in the current year.*
